SHARE CAPITAL, SHAREHOLDERS' LOANS AND BONDS

Article 5 – Share capital

1. The share capital is €62,704,488.80 represented by 22,234,368 shares without specification of the nominal value (the **Shares**).
2. Pursuant to legislation in force at the time, the share capital may also be increased *(i)* through the issue of new Shares with different rights to those of outstanding shares also with regard to the impact of losses, determining their content in the issue resolution, and/or *(ii)* through the issue of new Shares to be released with non-cash contributions, to the extent permitted by law. In resolutions to increase the share capital against payment, the option right may be excluded to the maximum extent of 10% of the pre-existing share capital, provided that the issue price corresponds to the market value of the shares and that this is confirmed by a special report drawn up by an external auditor or by an auditing firm.
3. The extraordinary Shareholders' Meeting may delegate the Board of Directors to increase the capital, even excluding the option right, in compliance with the limits and procedures established by applicable legislation and regulations in force at the time.
4. The Shareholders' Meeting may pass a resolution to reduce the capital, also by assigning certain corporate assets, including shares or units of other enterprises in which the Company holds an interest, to individual shareholders or groups of shareholders.
5. It is permitted to assign, in accordance with legal procedures and in due legal forms, profits and/or profit reserves to employees of the Company or of subsidiary companies, through the issue of shares in accordance with the first paragraph of Article 2349 of the Italian Civil Code.

Article 6 – Shares

1. Shares are issued in book-entry form and entered into the system for centralised management of financial instruments pursuant to applicable legislation and regulations in force at the time.
2. Shares are registered and freely transferable. Each Share entitles the holder to one vote, without prejudice to the provisions of Article 6-*bis* below of these Articles of Association and to the power to issue special categories of shares pursuant to applicable legislation and regulations in force at the time. The Share issue and circulation system is governed by applicable legislation and regulations in force at

the time.

3. Without prejudice to the specific rights and limitations expressly mentioned in these Articles of Association, all Shares assign equal rights.

Article 6 bis – Increased voting right

1. By way of derogation from the provisions of Article 6 (2) of these Articles of Association, each Share shall entitle the owner to a double vote (and therefore to two votes per Share) provided that: the voting right has been held by the same person by virtue of a qualifying property right (such as for example, full ownership with voting right, bare ownership with voting right, usufruct with voting right) for a continuous period of at least twenty-four months (the “**Period**”) commencing from the date of entry in the special list set up by the Company in accordance with the provisions of this article (the “**List**”);

2. The increased voting right shall take effect from the date in which the Period elapsed.

2 bis. To the extent permitted by the law pro tempore in force, an additional vote shall also be attributed at the expiration of each period of twelve months following the maturity of the Period, to each Share belonging by virtue of a legitimizing real right to the same person registered in the List, up to a total maximum of 10 (ten) votes per share, it being understood that, for those eligible persons who, on the date of registration with the competent Register of Companies of the resolution passed by the Shareholders' Meeting of July 1, 2025 by which this article was amended (the “**Registration Date Extraordinary Shareholders' Meeting Resolution**”) have already accrued the benefit of the double vote and are registered in the List, the additional period for the accrual of the additional votes shall run from the Registration Date Extraordinary Shareholders' Meeting Resolution.

3. If the Company's shareholders' meeting is convened, the increased voting right shall take effect at the 'record date' established by applicable legislation concerning the right to attend and vote in the shareholders' meeting, with regard to both the meeting quorums and voting quorums, only provided that by said date the Period has elapsed. The Company shall verify entitlement to the increased voting right and the inexistence of disqualifying factors with reference to the 'record date'.

4. The Company sets up and keeps the List, with the form and content required by applicable legislation and, insofar as compatible, in compliance with the provisions on the shareholders register. The List is updated at the end of each calendar month for requests received by three trading days before the end of each month.

5. The Company enters in the List the holder of Shares who submit a written application to the

Company and for whom, in accordance with applicable legislation, the intermediary has issued an appropriate communication certifying their eligibility for entry. The request for entry may concern all or only part of the Shares held. The applicant may request entry in the List for additional shares, at any time, by submitting an appropriate application. If the applicants are not natural persons, their applications must specify whether they are subject to direct or indirect control by third parties and the identification data of any parent entity. The right to entry in the List and – after the Period has elapsed – the right to benefit from the increased vote are achieved through ownership of a qualifying property right (such as for example, full ownership with voting right, bare ownership with voting right, usufruct with voting right).

6. Persons entered in the List are required to inform, and allow the intermediary to inform, the Company of any circumstance or event that means they are no longer eligible for the increased voting right or that affects the ownership of the Shares and/or the related voting right by the end of the month in which the circumstance occurred and in any case by the trading day before the ‘record date’.

7. The increased voting right shall be lost:

- a) in the event of transfer of the Share, whether in return for payment or free of charge, with the understanding that “transfer” also means pledge, usufruct or other encumbrance on the Share when this entails loss of the voting right by the shareholder. The pledge, usufruct or other encumbrance and the transfer of bare ownership with maintenance of usufruct do not lead to loss of entitlement to the benefit of the increased voting right when the voting right is retained by the previous holder;
- b) in the event of direct or indirect transfer of controlling shareholdings in companies or entities that hold a number of Shares with increased voting rights that exceeds the threshold established by Article 120(2) of Italian Legislative Decree n. 58 of 24 February 1998 (“TUF” (Consolidated Law on Finance)), unless the transfer occurs as a result of succession by reason of death or equivalent cases (i.e. (i) the consolidation of the usufruct with the bare ownership previously transferred by means of a deed having a purely inheritance cause (donation or family pact); (ii) family pact; (iii) the establishment of - or endowment in - a trust, an estate fund or a foundation; (iv) other generational transfer mechanisms carried out with or without transfer of shareholdings, such as family holding structures that statutorily assign control to a predetermined party following the death of the original controlling party).

For the sake of greater clarity, it is clarified that, the transfer of direct and/or indirect shareholdings in the company holding Shares to an extent exceeding the threshold provided

for in Article 120, paragraph 2, of the TUF that results from extraordinary transactions (such as, for example, mergers, demergers, liquidations with distribution in kind), will not in any case constitute a “transfer of control” to the extent that the extraordinary transaction merely realizes an organizational reorganization that does not alter, in transparency, the underlying ownership structure.

8. The Company shall arrange for cancellation from the List in the following cases:
- a) waiver by the person concerned. Anyone who is eligible for the increased voting right is entitled to irrevocably waive at any time all or part of the increased voting right, by sending written notice to the Company, with the understanding that the increased voting right may be re-acquired with regard to the Shares for which it was waived through renewed entry in the List, after a new Period has fully elapsed in compliance with the provisions of these Articles of Association;
 - b) communication from the person concerned or from the intermediary proving that the person is no longer eligible for the increased voting right or has lost ownership of the Shares and/or of the related voting right;
 - c) if the Company is informed of the occurrence of events that cause the person to be no longer eligible for the increased voting right or to lose ownership of the Shares and/or of the related voting right.
9. Increased voting rights that have already accrued or, if not fully accrued, the period of ownership required for their full accrual, shall be retained:
- a) in the event of succession on death in favour of the heir and/or legatee, as well as in all equivalent cases such as: (i) consolidation of usufruct with the bare ownership previously transferred by means of a deed having a purely inheritance cause (gift or family pact); (ii) family pact; and (iii) the establishment of - or endowment in - a trust, estate fund or foundation;
 - b) in the event of merger or reverse merger of the holder of the shares, in favour of the company resulting from the merger or benefitting from the reverse merger, provided that the latter is controlled, directly or indirectly, by the same person who, directly or indirectly, controlled the holder of the enhanced voting shares;
 - c) if the shareholding is registered in the name of a fiduciary, in the event of change in the fiduciary provided that the grantor is still the same and that this has been appropriately

certified by the fiduciary;

- d)* if the shareholding is registered in the name of a trust, in the event of change in the trustee;
- e)* in the event of transfer from one portfolio to another of the UCITS managed by the same manager.

10. Without prejudice to the communications from the intermediary required by applicable legislation and by these Articles of Association for the purposes of increased voting rights, increased voting rights shall extend:

- a)* to Shares assigned in the event of free capital increase pursuant to Article 2442 of the Italian Civil Code and due to the holder in relation to Shares for which the increased voting right has already accrued;
- b)* to Shares assigned in exchange for those to which increased voting rights have been attributed in the event of merger or reverse merger of the Company, provided that – and to the extent that – this has been envisaged in the draft terms of merger or reverse merger; this provision is also applicable in the case of a cross-border merger, demerger or transformation operation pursuant to Legislative Decree No. 19/2023;
- c)* to Shares subscribed when exercising the option right in the event of capital increase through new contributions.

In the cases referred to in points *a)*, *b)* and *c)* above, the new Shares shall acquire the increased voting right (i) for new issue Shares due to the holder in relation to Shares for which the increased voting right has already accrued, from the time of entry in the List, without another Period having to elapse; (ii) for new issue Shares due to the holder in relation to Shares for which the increased voting right has not yet accrued (but is accruing), from the time the Period elapses calculated from the original entry in the List.

Any amendment (improving or worsening) to the rules on the increase in voting rights referred to in this Article 6-bis or its abolition do not require the approval of any special shareholders' meeting pursuant to Article 2376 of the Italian Civil Code, but only the approval of the Extraordinary Shareholders' Meeting in accordance with the law.

11. Increased voting rights are counted for each shareholders' meeting resolution and also to determine the meeting and voting quorums that refer to quotas of share capital. The increased right does not affect rights, other than the voting right, acquired by virtue of ownership of certain quotas of share capital.

12. For the purposes of these Articles of Association the concept of control, which extends to both legal entities and natural persons, is the one set forth in Article 93 of the TUF.

13. The provisions on increased voting rights set forth in this article shall apply for as long as the Company's Shares are listed on an Italian regulated market or on a regulated market of other European Union Member States.

Article 7 - Loans

1. The Company is expressly entitled to receive loans and financing from its shareholders, as well as from their parent, subsidiary or associated companies or from subsidiaries of one of their parent companies, according to the terms and conditions permitted by legislative provisions applicable to enterprises established in the form of joint-stock companies.

2. In accordance with legislation in force at the time, the Company may issue participating equity instruments.

Article 8 – Bonds

1. The Company may issue convertible and non-convertible bonds on the basis of the competences established by applicable provisions of the law.

2. The extraordinary Shareholders' Meeting may delegate the Board of Directors to pass a resolution to issue bonds convertible into shares, in accordance with the provisions of law.

Article 9 – Right of Withdrawal

1. Shareholders are entitled to withdraw only in the cases and with the effects established by law.

2. The right of withdrawal is explicitly excluded for shareholders who did not contribute to the approval of resolutions concerning: (a) the extension of the Company's term of duration; and (b) the introduction or removal of restrictions to the circulation of shares.

Article 16 – Powers and representation

The Honorary Chairman also performs all functions assigned to him from time to time by the Board of Directors, without any power of representation.

Lists may be submitted by shareholders who, at the time the list is submitted, hold alone or together with others, a share totalling at least 2.5% of the capital or the different shareholding equal to at least the one established by CONSOB with regulation pursuant to Article 147-ter (1) of Italian Legislative Decree No 58/98 (“**TUF**” (Consolidated Law on Finance)).
2. Individual shareholders, shareholders subscribing to a shareholders’ agreement relating to the Company and of relevance pursuant to Article 122 of the TUF, the parent company, subsidiary companies and those subject to common control and other entities between which a direct or indirect association exists pursuant to applicable legislation and regulations in force at the time, cannot submit or contribute to the submission, not even through a third party or trust company, of more than one list or vote for different lists.
3. Each candidate may appear on one list only, otherwise they shall be considered ineligible.
4. Each list contains the names, indicated by a sequential number, of a number of candidates not exceeding the number of members to be elected.
5. Each list that contains a number of candidates no higher than 7 (seven) must include and identify at least 1 (one) candidate who meets the independence requirements established by applicable legislation and regulations in force at the time on the matter. Each list that contains a number of candidates higher than 7 (seven) must include and identify at least 2 (two) candidates who meet the independence requirements established by applicable legislation and regulations in force at the time on the matter. In the event of failure to comply with the obligations set forth in this paragraph, the list shall be deemed not to have been submitted.
6. For the period of application of the applicable legislation and regulations in force at the time on the matter of gender balance, each list that submits a number of candidates equal to or higher than 3 (three) must also include candidates belonging to both genders, so that at least the minimum quota of candidates required by the applicable laws and regulations belongs to the under-represented gender. In the event of failure to comply with the obligations set forth in this paragraph, the list shall be deemed not to have been submitted.
7. Lists submitted must be filed at the Company’s registered office, even using distance communication means as indicated in the notice of call, and made available to the public in accordance with the timeframes and procedures established by legislation and regulations in force at the time.
8. Lists must be accompanied by the following:
 - (a) information on the identity of the shareholders who submitted the lists, with specification of

the total percentage shareholding held, with certification showing the ownership of this shareholding issued by a legally qualified intermediary, with the understanding that this certification may even be produced after the lists have been filed, provided this occurs before the time limit established for the Company's publication of the lists;

(b) a statement from the shareholders who do not hold, individually or jointly, a controlling interest or relative majority, stating the absence of any direct or indirect association, pursuant to applicable legislation and regulations in force at the time, with such shareholders;

(c) detailed information on the candidates' personal and professional characteristics, with specification, if applicable, of their suitability to qualify as independent directors pursuant to applicable legislation and regulations in force at the time (and/or pursuant to the codes of conduct on corporate governance promoted by management companies of regulated markets adopted by the Company) and a statement from the candidates certifying that they meet the requirements established by legislation and regulations in force at the time and by these Articles of Association, including those of good repute and, where applicable, independence, and their acceptance of the candidature and of the office, if elected;

(d) any further or different statement, information and/or document required by applicable legislation and regulations in force at the time.

In the event of failure to comply with the obligations set forth in this paragraph, the list shall be deemed not to have been submitted.

The duly filed lists and accompanying information shall be published pursuant to applicable legislation and regulations in force at the time.

9. Each shareholder's vote shall refer to the list, and therefore automatically to all the candidates stated in said list, without the possibility of changes, additions or exclusions.

Appointment

10. The Board of Directors is elected as follows:

(a) no account is taken of lists that have not obtained a percentage at least equal to half of the percentage required for submission of lists, established pursuant to paragraph 20.1 above;

(b) from the list that obtained the highest number of votes, all the directors to be elected, except 1 (one), are taken, in the sequential order in which they are stated in the list, without prejudice to the provisions set forth below to ensure the presence of a suitable number of directors meeting

the independence requirements and the gender balance in compliance with applicable legislation and regulations in force at the time on the matter;

(c) the remaining director to be elected is taken from the list that obtained the second highest number of votes after the list referred to in letter (b) above, votes cast by shareholders who are not in any way associated, either directly or indirectly, pursuant to applicable legislation and regulations in force at the time, with the shareholders who submitted or voted for the list referred to in letter (b) above.

11. In the event of a tie between lists, the list submitted by shareholders holding the greater shareholding or, in the alternative, by the highest number of shareholders, shall prevail.

12. If, after voting has been completed a sufficient number of directors meeting the independence requirements established by applicable legislation and regulations in force at the time have not been elected, the last candidate who does not meet these requirements selected in the sequential order of the list that obtained the highest number of votes shall be excluded and shall be replaced by the first non-elected candidate from the same list who meets the aforesaid independence requirements following the sequential order. If necessary, this procedure shall be repeated until the number of independent directors to be elected has been reached. If at the end of this replacement procedure, the composition of the Board of Directors does not allow compliance with the minimum number of members meeting the independence requirements established by applicable legislation in force at the time, the replacement shall be made by resolution passed by the Shareholders' Meeting by majority vote of those represented, subject to submission of candidatures of persons meeting said independence requirements.

13. Further more if, after voting has been completed and the previous paragraph has been applied, the candidates elected do not ensure that the composition of the Board of Directors complies with applicable legislation and regulations in force at the time on gender balance, the last candidate of the over-represented gender elected in the sequential order of the list that obtained the highest number of votes shall be excluded and shall be replaced by the first non-elected candidate from the same list of the under-represented gender following the sequential order. This replacement procedure shall take place until it has been ensured that the composition of the Board of Directors complies with applicable legislation and regulations in force at the time on gender balance. If at the end of this replacement procedure, the composition of the Board of Directors does not comply with applicable legislation and regulations in force at the time on gender balance, the replacement shall be made by resolution passed by the Shareholders' Meeting by majority vote of those represented, subject to submission of

candidatures of persons belonging to the under-represented gender.

14. If the number of candidates elected on the basis of the lists submitted is lower than the number of directors to be elected, the remaining directors shall be elected by the Shareholders' Meeting, deliberating by majority vote of those represented and, in any case, so as to ensure (i) the presence of the minimum number of independent directors established by applicable legislation and regulations in force at the time, and (ii) compliance with applicable legislation and regulations in force at the time on gender balance. In the event of a tied vote between a number of candidates, a second ballot shall be held between them through a further shareholders' meeting vote, and the candidate who obtains the highest number of votes shall prevail.

15. If only one list is submitted, the Shareholders' Meeting casts its vote on said list and, if it obtains the majority of votes represented at the Shareholders' Meeting, all the members of the Board of Directors shall be taken from said list in compliance with applicable legislation and regulations in force at the time, also on the matter of (i) independent directors and (ii) gender balance.

16. If no lists are submitted or only one list is submitted and it does not obtain the majority of votes represented at the Shareholders' Meeting or if the entire Board of Directors does not need to be renewed or if it is not possible for any reason to appoint the Board of Directors in accordance with the procedures established by this article, the members of the Board of Directors shall be appointed by the Shareholders' Meeting with ordinary procedures and majority vote of those represented, without applying the list voting mechanism, and in any case so as to ensure (i) the presence of the minimum number of independent directors established by applicable legislation and regulations in force at the time on the matter, and (ii) compliance with applicable legislation and regulations in force at the time on gender balance, without prejudice to the provisions of paragraphs 20.17 to 20.19 below.

Replacement

17. If during the year one or more directors are no longer able to fulfil office, the Board of Directors arranges for their replacement by means of a resolution approved by the Board of Statutory Auditors, in compliance with applicable legislation and regulations in force at the time on gender balance, in accordance with the following:

- a) the Board of Directors arranges, where possible, for the outgoing director to be replaced by someone belonging to the same list and the Shareholders' Meeting deliberates, with the legal majorities, observing the same criterion;
- b) if there are no remaining candidates in the aforesaid list who were not previously elected or

candidates with the necessary requirements or if for any reason it is not possible to comply with the provisions of letter a), the Board of Directors arranges for the replacement, and the Shareholders' Meeting arranges for the appointment, with the legal majorities and without list voting.

In any case the Board of Directors and the Shareholders' Meeting shall arrange respectively for the aforesaid replacement and appointment, in compliance (i) with applicable legislation and regulations in force at the time on gender balance and (ii) with the minimum number of board members meeting the independence requirements established by applicable legislation and regulations in force at the time.

Directors co-opted in this way by the Board of Directors remain in office until the next Shareholders' Meeting and those appointed by the Shareholders' Meeting remain in office for the time that the directors they replaced would have remained.

18. Instead of replacing the outgoing director, the Shareholders' Meeting is also entitled to decide to reduce the number of members of the Board of Directors.

19. If for any reason the majority of directors appointed by Shareholders' Meeting resolution are no longer able to fulfil office, the entire Board of Directors shall be deemed to have resigned with effect from the subsequent reconstruction of said board. In this case the Shareholders' Meeting to appoint the entire Board of Directors must be urgently convened by the directors remaining in office.

20. The Board of Directors regularly assesses the existence of the requirements of its members, including those of independence and good repute, required by applicable legislation and regulations in force at the time and by these Articles of Association, as well as the inexistence of causes of ineligibility and forfeiture. Any directors who, following their appointment, lose the requirements required or previously declared must immediately inform the Board of Directors. Loss of the independence requirements established by legislation and regulations in force at the time applicable to independent directors leads to forfeiture of office, unless said requirements are still met by the minimum number of directors who, according to legislation and regulations in force at the time, must meet said requirements. Without prejudice to the above, if a director does not meet or no longer meets the requirements of independence (when this leads to forfeiture in accordance with the above) or of good repute declared and required by legislation, or causes of ineligibility or forfeiture exist, the Board of Directors declares the director to have forfeited office and arranges for his replacement in compliance with applicable legislation and regulations in force at the time and with the provisions of these Articles of Association.

list that obtained the second highest number of votes after the list referred to in letter (a) above, votes cast by shareholders who are not in any way associated, either directly or indirectly, pursuant to applicable legislation and regulations in force at the time, with the shareholders who submitted or voted for the list that obtained the highest number of votes.

compliance with applicable legislation and regulations in force at the time on gender balance, without prejudice to the provisions of paragraphs 23.17 to 23.20 below.

16. The Chairman of the Board of Statutory Auditors is identified as the standing auditor elected by the minority, unless only one list has been voted or no lists have been submitted, in which case the Chairman of the Board of Statutory Auditors shall be appointed by the Shareholders' Meeting deliberating by majority vote of those represented.

If during the year a member of the Board of Statutory Auditors taken from the list that obtained the highest number of votes is no longer able to fulfil office, he shall be succeeded, until the next Shareholders' Meeting, by the first alternate auditor taken from the same list. If during the year a member of the Board of Statutory Auditors taken from a list other than the list that obtained the highest number of votes is no longer able to fulfil office, he shall be succeeded, also with functions of Chairman of the Board of Statutory Auditors, until the next Shareholders' Meeting, by the first alternate auditor taken from the same list.

(b) If instead it is necessary to replace the member of the Board of Statutory Auditors taken from a list other than the one that obtained the highest number of votes, the Shareholders' Meeting, by majority vote of those represented, shall select the replacement, if possible, from the candidates stated in the list to which the statutory auditor to be replaced belonged, who provided written confirmation, at least 10 (ten) days before the date set for the Meeting, of their candidature, together with statements relating to the inexistence of causes of

ineligibility or forfeiture, as well as the existence of the requirements established by applicable legislation and regulations in force at the time or by the Articles of Association for the office.
